

ELECTRONIC PRESS KIT

SHORT BIO

Based in Copenhagen, Denmark, Quantum Solar is an electronic music producer and DJ dedicated to the energetic and emotional realms of trance and techno. With a versatile sound that spans uplifting, tech-trance, progressive, vocal, and peak-time techno, Quantum Solar crafts dynamic sonic journeys characterized by driving basslines and atmospheric melodies.

With official releases on labels like *Futurising Music* and *Progressive Vibes Music*, alongside major playlist support from industry giants, Quantum Solar is steadily making a mark on the global electronic music scene. Beyond studio production, the Quantum Solar brand extends into live broadcasting and curation, driving the weekly electronic music narrative through immersive livestream events.
